

# Riding the Train

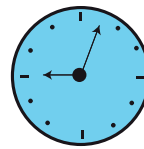

I will go to the train station

The train is loud, I can wear my ear defenders if I want to

I can talk while I wait for the train

Sometimes the train can be late, this is ok

If I need help, I can ask someone that works here

I will get on the train safely

I will sit down in my seat

I can have a snack or watch my ipad

Sometimes I might have to get my ticket checked by a ticket inspector and this is ok

I will get off the train safely when I get to where I need to go

Riding the train is fun
