# Planning Your Journey

**Whenever possible** please let us know in advance of your travel plans so that arrangements can be made for you to have as comfortable a journey as possible. If it is not possible to contact us, we will do our utmost to provide assistance.

Similar arrangements can also be made at your destination station and at an intermediate station if you need to change trains.

We are better able to assist you if you contact us as far in advance as possible, but try to give at least 24 hours notice of your journey.

Please give the following details when making contact:

- **Date of travel and departure time of the train.**
- **Destination station and any intermediate stations where a change of train is necessary.**
- **Nature of disability.**
- **Means of transport to and from departure and arrival stations e.g. taxi, private car and whether someone is meeting you at your destination**
- **Whether you will be travelling alone or with a companion.**
- **Whether assistance will be required at the departure and arrival stations and if so how staff will be able to identify you.**
- **Any other details to assist railway staff or which you wish to clarify.**

Please give similar details about your return journey, if known, particularly if you are returning the same day or within a few days.

If you need to cancel a journey for which special arrangements have been made, please let us know so that staff can be made available to assist others.

This guide is intended to assist you in planning your journey. Train timetables are available from all stations as well as travel centres in Dublin and Belfast. The timetables for Intercity, Commuter and the DART are also available on the Internet [www.irishrail.ie](http://www.irishrail.ie)

If you require more information, contact your local station (numbers shown in this booklet) or Heuston Station at (01) 7033299 or Connolly Station at (01) 7032359.

## At The Station

All stations have access to one platform. Some have access to both platforms. Where a station has access to only one platform most services use this platform. For operational reasons, some services have to use the other platform, advance notice will assist us in making arrangements on your behalf. Details for each station are contained in this booklet.

## On The Train

If you have a mobility impairment or would like to use a ramp to board the train from the platform, a special portable ramp is used for this purpose. These are currently available at all staffed stations and on board some trains.

At some stations there is a gap between the platform and the carriages, this may create difficulty for people who are vision impaired or have mobility impairments and assistance may be required.

There is a dedicated wheelchair accessible space in the dining carriages of the older trains. All dining carriages in the fleet have been modified to provide wheelchair access and accommodation. New carriages have been designed to include accessibility.

Guide dogs and assistive dogs are welcome on all Iarnród Éireann services.

# How May We Assist You Further?

Is there something we haven't considered?

Iarnród Éireann is always looking for ways to improve service to all of our customers and we would like to hear from you at the Accessibility Office, Connolly Station, Amiens Street, Dublin 1.
