Summary

There were 1721 Customers assisted between 26th February and March 25th. Staff briefings continued with Station Managers and staff on a weekly basis. There was one fall down in service in Bray when a staff member was assisting a tourist with a query and forgot to assist a wheelchair Customer off the train. There were 10 bookings made but the Customers who booked assistance didn't turn up on the day.

The pilot is continuing to work well and efforts are continually on a daily basis to ensure this is the case.
