Attention:

18th August 2016

Iarnród Éireann - Irish Rail

FOI request IE_050 (b) regarding tender 6126 Servicing of SET Generators.

Dear

I refer to the request which you made under the Freedom of Information Act 2014 for records held by this body:

- This request is in relation to the Price of the successful bid in the above contract.
- The names of the top 5 companies considered for this contract.

Decision Maker have now made a final decision to grant your request on 18th August 2016.

You have sought access to the records outlined above and I consider this an appropriate form of access in this case. Accordingly a copy of the records is now enclosed including a copy of the schedule to these records.

In the event that you are not happy with this decision you can make an appeal in relation to this matter, you can do so in writing to the FOI Unit, Corporate Communications, Iarnród Éireann - Irish Rail, Connolly Station, Amiens Street, Dublin 1 or by email to FOI@irishrail.ie . You should make this appeal within 4 weeks (20 working days) from the date of this notification, were a day is defined as a working day excluding, the weekend and public holidays, however, the making of a late appeal may be permitted in appropriate circumstances.

The appeal will involve a complete reconsideration of the matter by a more senior member of the staff of this body.

Should you have any questions or concerns regarding the above, please contact the FOI officer on 01 7034293

Re: Conditions of Tendering ("Conditions of Tendering") for a contract (the "Contract") for the Supply of Services to larnrod Éireann-Irish Rail ("IE")

In accordance with and subject to the Conditions of Tendering the above-named Contract, we hereby tender for the contract for the supply of the Services to IE as described in the Conditions of Tendering and in the Specifications set out in Appendix 1 to the Conditions of Tendering and on the basis of the Contract set out in Appendix 3 to the Conditions of Tendering for the following prices (the "Prices") (also set out in the duly completed Pricing Document to this Form of Tender):

€20,573.00+VAT/year[twenty thousand five hundred and seventy three Euro/year+VAT [Prices and Total Price inserted]

Throm quiving shall be stated in words as well as figures and in our α and shall be exclusive or $\forall AT_1$

2. Unless otherwise stated, any capitalised terms and expressions used in this Tender Form and and Prices shall have the same meanings as is assigned to them respectively by the Conditions of Tendering or the Contract as the case may be.

12 1000 m

- The Prices set out by us herein and on the Pricing Document are based on a compliant Tender for the services required based on the Specifications and requirements of the ITT and are fixed for the duration of the Contract.
- 4. We acknowledge that IE reserves the right to award one or more contracts in respect of the Supply of the Services to IE, or not to award any contract, and shall not be bound to award the Contract to one Tenderer. We confirm that we are tendering for the Contract for the Supply of the Services to IE.

5. We note that:

- All Prices quoted shall be in euro (€).
- All fees and charges quoted shall be stated in words as well as in figures and shall be exclusive of VAT but inclusive of all other costs, charges and levies.
- For Tenderers may be requested to provide a complete breakdown of the makeup of their Tender.
- Charges quoted must include all preparatory work necessary to provide the Services.
- Prices quoted should be stated in words as well as figures.
- 6. If our Tender is accepted we will, if and when required, provide such security relating thereto as IE may require, in a form and content satisfactory to IE and from an issuer approved by IE in advance, in its sole discretion.
- 7. We understand that IE is not bound to accept the most economically advantageous tender, the lowest, or any tender it may receive.
- 8. We confirm that this Tender represents a firm, unconditional and fixed offer, that our Price structure shall remain fixed and shall remain open for acceptance by IE for the Tender Validity Period of six (6) months from the Closing Date.
- In preparing this Tender, we have taken into account the obligations relating to employment protection and working conditions that are in force in Ireland, including obligations set out in the Contract.
- 10. Unless and until a formal agreement is prepared and executed, and exchanged between the parties, this Tender, together with IE's acceptance thereof, shall constitute a binding contract between us.

Iarnród Éireann Tender

04 MAY 2016

OPENED AT

TENDER FORM (AND PRICING DOCUMENT ATTACHED)

TENDER FOR CONTRACT FOR THE SUPPLY OF SERVICES

Contract Reference Number [6126 Signal Generators Servicing

To: Address: Procurement Manager

Procurement Department Jarnród Éireann-Irish Rail

Inchicore Works

Dublin 8 Ireland

DATED: 3rd May 2016

In accordance with and subject to the Conditions of Tendering the above-named Contract, we hereby tender for the contract for the supply of the Services to IE as described in the Conditions of Tendering and in the Specifications set out in Appendix 1 to the Conditions of Tendering and on the basis of the Contract set out in Appendix 3 to the Conditions of Tendering for the following prices (the "Prices") (also set out in the duly completed Pricing Document to this Form of Tender):

Prices quoted shall be stated in words as well as figures and in euro, and shall be exclusive of VAT]

- Unless otherwise stated, any capitalised terms and expressions used in this Tender Form and and Prices shall have the same meanings as is assigned to them respectively by the Conditions of Tendering or the Contract as the case may be.
- 3. The Prices set out by us herein and on the Pricing Document are based on a compliant Tender for the services required based on the Specifications and requirements of the ITT and are fixed for the duration of the Contract.
- 4. We acknowledge that IE reserves the right to award one or more contracts in respect of the Supply of the Services to IE, or not to award any contract, and shall not be bound to award the

Contract to one Tenderer. We confirm that we are tendering for the Contract for the Supply of the Services to IE.

5. We note that:

- All Prices quoted shall be in euro (€).
- All fees and charges quoted shall be stated in words as well as in figures and shall be exclusive of VAT but inclusive of all other costs, charges and levies.
- Tenderers may be requested to provide a complete breakdown of the makeup of their Tender.
- > Charges quoted must include all preparatory work necessary to provide the Services.
- Prices quoted should be stated in words as well as figures.
- 6. If our Tender is accepted we will, if and when required, provide such security relating thereto as IE may require, in a form and content satisfactory to IE and from an issuer approved by IE in advance, in its sole discretion.
- 7. We understand that IE is not bound to accept the most economically advantageous tender, the lowest, or any tender it may receive.
- 8. We confirm that this Tender represents a firm, unconditional and fixed offer, that our Price structure shall remain fixed and shall remain open for acceptance by IE for the Tender Validity Period of six (6) months from the Closing Date.
- In preparing this Tender, we have taken into account the obligations relating to employment protection and working conditions that are in force in Ireland, including obligations set out in the Contract.
- 10. Unless and until a formal agreement is prepared and executed, and exchanged between the parties, this Tender, together with IE's acceptance thereof, shall constitute a binding contract between us.

4 tender submissions were received, All 4 tender submission prices quoted are per annum for the servicing of the generators. GPX Rall falled to submit a methodology for the provision of services as part of their tender submission. PSE Power Systems advised that the price included all parts as per specification and travel/associated costs to and from each site. The rates quoted were lower in the PSE Power Systems submission, which made the PSE Power Systems submission the most economically

Our Ref: 6126 - Signal Generators Servicing

Your Ref:

Date: 30th May 2016

Dear Mr. Bent,

I refer to your tender submission in relation to the above referenced advertised tender for the supply of Servicing of Signal Generators for larnród Éireann.

The evaluation process has now been completed and I regret to inform you that based upon the advertised award criteria contained within the tender documentation, your tender has not been selected for the contract award and has therefore been unsuccessful. The successful tender was submitted by PSE Power Systems [C4 Centrepoint Business Park, Oak Road, Dublin 12, Ireland]

The evaluation panel concluded that your proposal was broadly similar in its conformance to the Proposed Methodologies, with regard to the qualitative criteria your score was higher to that of the successful tenderer, however the successful tenderer submitted a significantly lower priced tender and therefore scored higher with regard to the Cost criterion and the overall evaluation.

On behalf of larnród Éireann I would like to take this opportunity to thank you for the time and effort you have taken in submitting your proposal and to wish you every success in the future.

Yours sincerely

David O'Sullivan

Our Ref: 6126 - Signal Generators Servicing

Your Ref:

Date: 30th May 2016

Dear Mr. Sterio,

I refer to your tender submission in relation to the above referenced advertised tender for the supply of Servicing of Signal Generators for larnrod Éireann.

The evaluation process has now been completed and I regret to inform you that based upon the advertised award criteria contained within the tender documentation, your tender has not been selected for the contract award and has therefore been unsuccessful. The successful tender was submitted by PSE Power Systems [C4 Centrepoint Business Park, Oak Road, Dublin 12, Ireland]

The evaluation panel concluded that your proposal did not meet the minimum requirement, and was deemed non-compliant as you failed to submit your proposed methodology as part of your tender submission, in addition the successful tenderer submitted a significantly lower priced tender, and therefore scored higher with regard to the Cost criterion and the overall evaluation.

On behalf of larnród Éireann I would like to take this opportunity to thank you for the time and effort you have taken in submitting your proposal and to wish you every success in the future.

Yours sincerely

David O'Sullivan

Dear Mr. Oates,

I refer to your recent submission against the above referenced tender process.

The tender evaluation process has now been completed and I am pleased to inform you that PSE Power Systems are our preferred bidder in accordance with the published award criteria.

I have proposed a commencement date of Wednesday 1st June 2016 and the proposed arrangement will run for a period of 3 years, subject to satisfactory performance. Purchase orders will be issued to PSE Power Systems by IÉ as and when their services are required.

IÉ's initial point of contact will be Paul McGrory you can e-mail Paul directly <u>paul.mcgrory@irishrail.ie</u> or contact Paul on 087-9898831.

Can you confirm by return mail that the necessary insurances are in place and that they have been indemnified to both CIÉ and IÉ.

I would emphasise that this notification is provisional, is issued without prejudice and does not create legally binding relations with any party.

On behalf of larnród Éireann, I wish to take this opportunity to thank you for your participation in the tender process and to congratulate you on your contract award.

Yours sincerely

David O'Sullivan
