Re: FOI Response [IE_FOI_111]

Dear 

I refer to your request dated 17th August 2017 and received by this office on that date, which you have made under the Freedom of Information Act 2014 for records held by this FOI body. Your request sought:

Request –

- The number of Passengers that have used each DART station and each station out as far as Maynooth and Drogheda Stations in the years 2014, 2015, 2016 and to-date in 2017

I, Gwen Jones have now made a final decision to grant your request on 19 October 2017.

You have sought access to the records as listed above and I consider this an appropriate form of access in this case. Accordingly, a copy of the records is now attached including a copy of the schedule to these records.

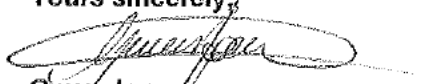

In the event that you are not happy with this decision, you can make an appeal in relation to this matter, you can do so by writing to the Freedom of Information Unit, Corporate Communications, Iarnród Éireann, Connolly Station, Amiens Street, Dublin 1 or by email to foi@irishrail.ie.

You should make your appeal within 4 weeks (20 working days) from the date of this notification, where a day is defined as a working day excluding the weekend and public holidays, however, the making of a late appeal may be permitted in appropriate circumstances.

The appeal will involve a complete reconsideration of the matter by a more senior member of the staff of this body.

Should you have any questions or concerns regarding the above, please contact the FOI officer by telephone on +353 1 7034293.

Yours sincerely,

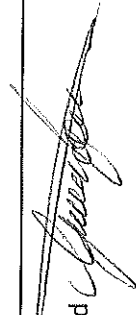

Gwen Jones

FOI Decision Maker, Commercial Department.

FOI_111 Response

Please find attached details of Iarnrod Eireann's annual census for 2014, 2015 and 2016 for all stations within the DART network and as far as Maynooth and Drogheda stations.

The annual census measures boardings and alightings at each station on a **specific** commuting day in November of each year. These numbers are a good approximation for annual footfall.

The 2017 Census is taking place on 16th November with draft results available 4-5 weeks thereafter
