		Issue	1
Customer Safety and Security Report		Operative Date	12/08/2026
		Status	Live
		Prepared by	Joanne Whelan
		Checked by	Bary Kenny
		Approved by	Billy Gilpin

The issue of safety and security on our public transport services is one of keen interest to our customers, our employees, and the wider public.

While anti-social behaviour is a societal issue, and the overwhelming majority of journeys occur without incident, we must ensure that we are providing the safest possible travelling and working environment for customers and employees, respectively.

To bring greater transparency, clarity, and context to the issue of anti-social behaviour, we will now publish – on a quarterly basis – a safety and security report. This report will consist of:

- Our statistics on reportable (to the NTA) and non-reportable criminal and anti-social behaviour incidents per quarter
- A full schedule of incidents included in those statistics.
- Analysis of any notable trends within the statistics
- Overview of initiatives within each quarter to improve safety and security, including joint initiatives with An Garda Síochána and other agencies.

Reportable incidents per million journeys

	Q1 '25	Q2 '25	Q3 '25	Q4 '25	Q1 '26	Q2 '26	Q3 '26	Q4 '26
Pax journeys	11.125	12.256	12.309	19.348	11.779	13.489		
Reportable Criminal & ASB	370	401	386	482	374	443		
Reportable per million	33.26	32.72	31.36	24.91	31.75	32.84		

****Note: IÉRU track all ASB incidents on our live AIMS system. All incidents are recorded and tracked by date of incident and not date of reporting. This can lead to differentials between figures in above table and figures previously reported. This is due to ongoing review of data that may lead to recategorisation, and reports received after the time of quarterly reports being published.**

Services overview.

Passenger journeys are continuing to grow significantly, year to date figures up 8.1% over same timeframe in 2025. Demand for all service modes – Intercity, DART and Commuter – are now exceeding previous record highs.

A fare determination by the National Transport Authority was implemented in April 2025, which saw fares changes in the Dublin Commuter Zone. This represented a combination of reductions and increases, dependent on fare zones.

Note on Reportable and non-reportable.

Given the subjective nature of some of the categories captured under the anti-social behaviour (ASB) report, we are required to create a 'category hierarchy' whereby we have reportable incidents for reporting to the NTA and non-reportable.

This is based on a form of harm test whereby if an incident is deemed to pose a risk of harm to our customers or staff alike it becomes reportable E.G, 'assault'(reportable) vs 'Boisterous behaviour'(non-reportable). We keep a record of all reported ASB so Iarnród Éireann Irish Rail can best analyse the data provided and ensure proactive and strategic measures are taken that can be guided by this report and executed across the network to reduce the incidence of ASB to ensure safety for our customers and our staff.

The statistical data will be presented in table form, distributed across the entire rail network, and divided per region as per regional map detailed in figure 1.

RU_Customer Safety and Security Report

Criminal Offence & Antisocial Behaviour (NTA Reportable)

There have been 443 incidents recorded for Q2 2026. There have been 45 assaults with 6 assaults on employees. Theft of third-party property at 27 has decreased from 28 in Q2, 2025. Iarnród Éireann staff have jointly liaised with all An Garda Síochána investigations in which Formal surveillance from our assets has been forwarded promptly to same.

Iarnród Éireann staff and contracted security on board and at static station locations have advised customers via personal advice and through on boards public announcements (P.A) of vigilance regarding their personal belongings not to leave unattended. At present following Garda Investigations, with the support of Iarnród Éireann staff, Arrests have been made of Defendants that are subject of court proceedings along with bail conditions regarding the Thefts of customers properties.

Increased security patrols and detection, with additional resources seeing interventions at major terminus stations, has contributed to the increase in incidents recorded. A Surge Action Plan has partially commenced from December 2025 with increased Security teams on the Dart and Northern Lines. This increased presence has led as expected to more visibility and engagement on these lines. It has also resulted in increase in reporting of aggressive behaviours and interventions by security. We are working closely with Security Contractor to ensure targeted deployment and increased visibility and proactive patrols. IE Enforcement and Compliance Manager is working closely with all stakeholders in particular An Garda Síochána to maximise the benefit of Joint Operations in giving reassurance to the travelling public. With the full implementation of the surge Action Plan coming to fruition later this year enhanced safety and indeed perception of safety is expected.

Drugs, Alcohol & Smoking related incidents.

Of 495 incidents in this category, the Northern and DART district has the highest number with 230 (Northern) and 130 (DART) recorded.

Trespass

There have been 125 incidents of trespass (reportable) for Q2 2026, down from 160 in Q2 2025. Reviews of new data and trends of trespassing Hotspots along with coordinated responses/ enforcement and educational/social media programmes with public and community stakeholders been envisaged to reach the targeted audiences.

Iarnród Éireann Security Strategy Q2 2026 update

Iarnród Éireann/An Garda Síochána meetings have taken place across all IE regions during quarter 2 2026.
