| IE_FOI_458 | <p>I am seeking the following information regarding procurement contracts which I would be grateful if you could furnish me with. I am seeking the full list of contracts issued by your organisation in the years 2018, 2019 and 2020 which would have contained a social clause. A social clause is a provision in a procurement contract which seeks to promote a certain goal be it environmental, labour activation, gender balance, etc. In 2019 the Department of Public Expenditure and Reform and the Department of Communications, Climate Action and Environment, jointly issued Circular 20/2019: Promoting the use of Environmental and Social Considerations in Public Procurement. Certain bodies have already included such provisions in recent contracts and I am attempting to ascertain whether yours has done the same. In the event such contracts are identified I am seeking the following information in tabular form:</p> <ul style="list-style-type: none">• The nature of the contract work | 29/03/21 |
