<p align="center">Customer Safety and Security Report</p>		Operative Date	02/12/2025
		Status	Live
		Prepared by	Joanne Whelan
		Checked by	Joe Sullivan

The issue of safety and security on our public transport services is one of keen interest to our customers, our employees, and the wider public.

While anti-social behaviour is a societal issue, and the overwhelming majority of journeys occur without incident, we must ensure that we are providing the safest possible travelling and working environment for customers and employees, respectively.

To bring greater transparency, clarity, and context to the issue of anti-social behaviour, we will now publish – on a quarterly basis – a safety and security report. This report will consist of:

- Our statistics on reportable (to the NTA) and non-reportable criminal and anti-social behaviour incidents per quarter
- A full schedule of incidents included in those statistics.
- Analysis of any notable trends within the statistics
- Overview of initiatives within each quarter to improve safety and security, including joint initiatives with An Garda Síochána and other agencies.

**Preliminary estimate, to be confirmed subject to Leap Card data.*

***Note: IÉRU track all ASB incidents on our live AIMS system. All incidents are recorded and tracked by date of incident and not date of reporting. This can lead to differentials between figures in above table and figures previously reported. This is due to ongoing review of data that may lead to recategorisation, and reports received after the time of quarterly reports being published.*

Services overview.

Passenger journeys are again seeing an acceleration in growth, increasing by 11.5% overall year on year for Quarter 3.

Iarnród Éireann introduced further timetable frequency increases in late August 2024, with Galway, Waterford and Cork Commuter services expanding. Additional Belfast services followed in October Demand for all service modes – Intercity, DART and Commuter – are now exceeding previous record highs.

A fare determination by the National Transport Authority was implemented in April 2025, which saw fares changes in the Dublin Commuter Zone. This represented a combination of reductions and increases, dependent on fare zones.

Note on Reportable and non-reportable.

Given the subjective nature of some of the categories captured under the anti-social behaviour (ASB) report, we are required to create a 'category hierarchy' whereby we have reportable incidents for reporting to the NTA and non-reportable.

This is based on a form of harm test whereby if an incident is deemed to pose a risk of harm to our customers or staff alike it becomes reportable. E.G, 'assault'(reportable) vs 'Boisterous behaviour'(non-reportable). We keep a record of all reported ASB so Iarnród Éireann Irish Rail can best analyse the data provided and ensure proactive and strategic measures are taken that can be guided by this report and executed across the network to reduce the incidence of ASB to ensure safety for our customers and our staff.

The statistical data will be presented in table form, distributed across the entire rail network, and divided per region as per regional map detailed in figure 1.

Criminal Offence & Antisocial Behaviour (NTA Reportable)

For the second quarter in a row, the year-on-year number of reportable incidents have reduced, and reportable incidents per million journeys have reduced also. There have been 386 incidents recorded for Q3 2025. There have been 39 assaults with 4 assaults on employees. Theft of third-party property at 26 has decreased from Q2, 2024. Increased security patrols and detection, with additional resources seeing interventions at major terminus stations, has contributed to the increase in incidents recorded. A new monitoring group has been put in place, led by Iarnród Éireann's Chief Security Office and proactive liaison with twenty (20) Rapid Garda Response Hubs have been established around the Intercity network in the event of passenger issues escalating. These Hubs, in conjunction with the Security Control Room for the DART and Commuter area, allow Iarnród Éireann colleagues to liaise directly with An Garda Síochána to address incidents of antisocial behaviour.

Drugs, Alcohol & Smoking related incidents.

Of 301 incidents in this category, the Northern and DART district has the highest number with 119 (Northern) and 89 (DART) recorded.

Trespass

There have been 130 incidents of trespass (reportable) for Q3 2025, down from 174 in Q2 2024. Reviews of new data and trends of trespassing Hotspots along with coordinated responses/ enforcement and educational/social media programmes with public and community stakeholders been envisaged to reach the targeted audiences.

Iarnród Éireann Security Strategy Q3 2025 update

There are now twenty (21) Garda Response Hubs in operation across the Iarnród Éireann network and their establishment has had a significant impact in crime and Antisocial behaviour interventions and reducing delays time to services. There are another five (5) Garda Response Hubs proposed.

There are four (4) public transport interchange hubs across the greater Dublin area. AGS chair these meetings with relevant public transport providers serving these hubs.

The new Garda operating model "Community Engagement Areas" is supporting the Iarnród Éireann customer experience. Garda inspectors have been appointed in Garda Divisions to liaise with IÉ Customer Experience Managers to plan high visibility operations and days of actions.

Self-harm incidents have been a key focus and are monitored from our security control room across the network, which has seen a reduction this year.

At a busy time of year for events across the network, IÉ works nationally and locally with the An Garda Síochána, NTA and event organisers to ensure event policing and management encompasses public transport security issues. For example, IÉ has collaborated closely with the NTA and the Department of Education in respect of the National Ploughing Championships to address issues around alcohol consumption by some students attending the event
